EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mrs. Elizabeth E. Leitereg on 12/16/2004.

The application has been amended as follows:

- a. Please **cancel** Claim 37.
2. The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of the claims is that the claimed method of fabricating a biopolymer array includes a non-miscible fluid on the surface of the array and the non-miscible fluid is inert, immiscible and insoluble in aqueous solution. This limitation is not taught or fairly suggested by the cited prior arts of record. Applicant's arguments filed with respect to the rejection under 35 U.S.C. 112, first paragraph (written description), see page 10, and the rejections under 35 U.S.C. 112, second paragraph, see pages 12-14, are persuasive and thus these rejections have been withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
